

The Evergreen Education Centre journey was initiated to create a **space for teenagers who have different learning needs**. Our school provides children with an opportunity to learn at their own pace, while still completing an academic qualification. Our professionals are qualified educational support specialists who take great care to create an **individual educational plan** for each child. We want to ensure that your child reaches academic success.

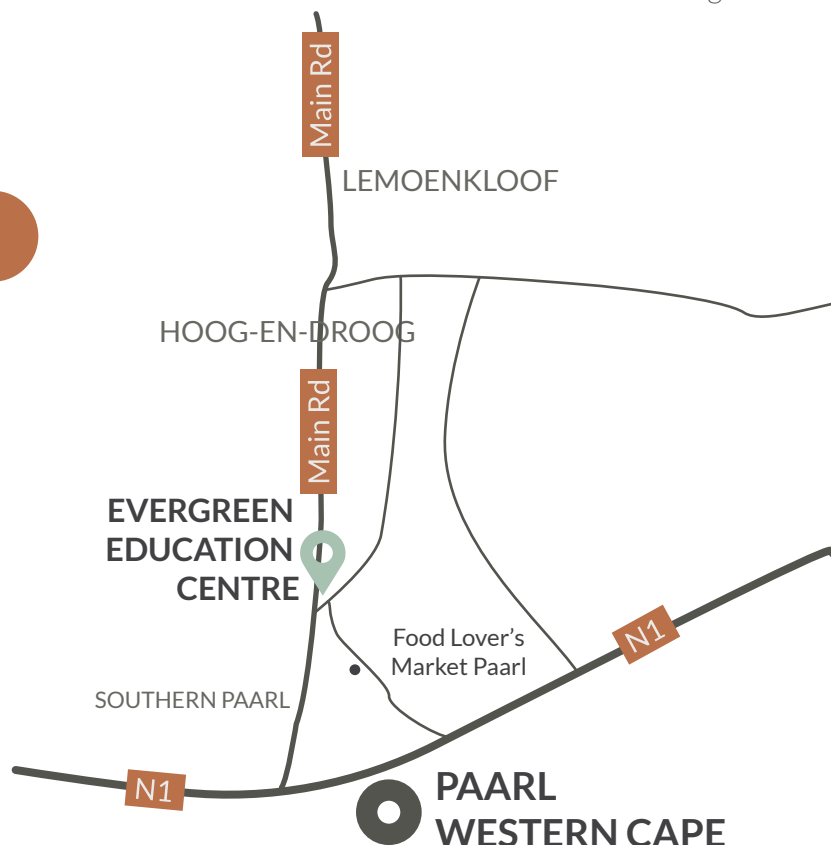

FOUNDER & OWNER, **CARIEN MAREE**

My name is Carien Maree, and I am the owner and founder of the Evergreen Education Centre. In my 12 years of experience I have worked as a Learning Support Teacher and advisor in the government and private sectors, with specific focus on supporting children with a range of learning barriers in the classroom. I am a qualified educational support specialist and have completed my Master's Degree in Inclusive Education. I am currently in the process of completing my Doctoral degree. I have a tremendous passion for creating a caring, nurturing environment for learners who experience barriers to learning.

OUR EVERGREEN *MISSION*

The mission of the Evergreen Education Centre is to provide students with a learning environment that facilitates the development of self-confidence, motivation, and academic skills, and gives students the opportunity to achieve success in life.

HOW DO I REGISTER A CHILD?

At the Evergreen Education Centre, we create individual education programmes to assist learners in completing their High School career. For those who cannot complete Grade 12 an alternative programme is developed. The mainstream programme runs from **Grade 7 to 12** in **English and Afrikaans** and the alternative stream from **ages 13-18**. If you are interested in your teenager completing their High School career with us, we will set up a consultation with you. Registrations are open all year.

1 BOOK AN APPOINTMENT

Get in touch by contacting our educational specialist or filling in the online form and an educational consultant will get back to you to discuss our educational processes.

2 EDUCATIONAL ASSESSMENT

After your conversation with the educational consultant, an educational assessment can be booked. What it entails:

- An **educational assessment** – which includes an interview with you and your child, and an evaluation of all previous reports;
- An **Individualised Educational Plan** based on the assessments; and
- A **feedback meeting** to discuss our findings and plan of action.

3 REGISTER WITH US!

Based on the recommendations provided by the educational assessments your child can be registered at the education centre to complete their individual education programme.
